

# Buat User

## Dengan rincian sebagai berikut:

Database Instance: orcl > Users > Edit User: HR Logged

Actions Create Like Go Show SQL Revert

General Roles System Privileges Object Privileges Quotas Consumer Groups Switching Privileges Proxy Users

Role	Admin Option	Default
RESOURCE	<input type="checkbox"/>	<input checked="" type="checkbox"/>

General Roles System Privileges Object Privileges Quotas Consumer Groups Switching Privileges Proxy Users

ORACLE Enterprise Manager 10g Database Control

Database Instance: orcl > Users > Edit User: HR

Actions Create Like Go

General Roles System Privileges Object Privileges Quotas Consumer Groups Switching Privileges Proxy Users

System Privilege	Admin
ALTER SESSION	
CREATE DATABASE LINK	
CREATE SEQUENCE	
CREATE SESSION	
CREATE SYNONYM	
CREATE VIEW	
UNLIMITED TABLESPACE	

General Roles System Privileges Object Privileges Quotas Consumer Groups Switching Privileges Proxy Users

ORACLE Enterprise Manager 10g Database Control

Database Instance: orcl > Users > Edit User: HR

Actions Create Like Go

General Roles System Privileges Object Privileges Quotas Consumer Groups Switching Privileges Proxy Users

Select Object

Select	Object Privilege	Schema	Object
<input checked="" type="radio"/>	EXECUTE	SYS	DBMS_STATS

General Roles System Privileges Object Privileges Quotas Consumer Groups Switching Privileges Proxy Users

## General

---

Name **HR**  
Profile **DEFAULT**  
Authentication **Password**  
Default Tablespace **USERS**  
Temporary Tablespace **TEMP**  
Status **UNLOCK**  
Default Consumer Group **None**

## Roles

---

Role	Admin Option	Default
RESOURCE	N	Y

## System Privileges

---

System Privilege	Admin Option
ALTER SESSION	N
CREATE DATABASE LINK	N
CREATE SEQUENCE	N
CREATE SESSION	N
CREATE SYNONYM	N
CREATE VIEW	N
UNLIMITED TABLESPACE	N

## Object Privileges

---

Object Privilege	Schema	Object	Grant Option
EXECUTE	SYS	DBMS_STATS	N

Contoh create user lusi dengan keterangan sebagai berikut:

## General

---

Name **LUSI**  
Profile **DEFAULT**  
Authentication **Password**  
Default Tablespace **USERS**  
Temporary Tablespace **TEMP**  
Status **UNLOCK**  
Default Consumer Group **None**

## Roles

---

Role	Admin Option	Default
CONNECT	N	Y
RESOURCE	N	Y

## System Privileges

---

System Privilege	Admin Option
ALTER SESSION	N
CREATE SEQUENCE	N
CREATE SESSION	N
CREATE SYNONYM	N
CREATE TABLE	N
CREATE VIEW	N
UNLIMITED TABLESPACE	N

Tugas untuk mahasiswa, silahkan membuat user dengan nama masing-masing.
